RESPONSE

Mailstop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This responds to the office action dated January 12, 2006. As required, applicant elects claims 1-20 which are the claims of Group I, with traverse. Applicant believes that claims 1 and 20 are generic to claims of Groups I and II and that the classification of Groups I and II are totally artificial and unnecessary inasmuch as an adequate search of one would cover the other. Further, it is believed that claims 1-20 read on species A shown in Figs. 1-5.

Respectfully submitted,

GREER, BURNS & CRAIN, LTD.
